

Quest Diagnostics Laboratory Services and Online Resources

Did you know that Quest Diagnostics is the lab where all of your laboratory tests, including those for dermatopathology, should be processed? Quest Diagnostics is the preferred in-network lab for Coventry Health Care of Georgia. If you are having lab work done, you can assist your provider by reminding him or her that your lab work should go to Quest Diagnostics. Having your lab tests and specimens sent to the correct place may prevent your claim from being denied for coverage.

Quest Diagnostic offers:

- Lab appointments - Coventry members are able to schedule appointments to a Quest Diagnostics Patient Service Center (collection site) via the Quest Diagnostics website. To get to this site, go to Coventry's website at www.chcga.com, click on "Locate a Provider" and scroll down to "Laboratory Services." Remember, walk-in patients are always welcome at Quest Diagnostic Patient Service Centers.

- A free test reminder service for members with standing lab orders - Quest Diagnostics has a free service called TestMinder

The TestMinder logo consists of the word "Test" in a blue, serif font and the word "Minder" in a green, serif font. A small trademark symbol (™) is positioned at the top right of the word "Minder".

that sends you timely reminder e-mails each time you are due for a lab test. Signing up for this service is easy. Bring your standing order for lab tests to any Quest Diagnostics Patient Service Center (PSC), give your e-mail address to the phlebotomist, and he or she will enroll you in the program. Your physician can also sign you up during your office visit using your e-mail address.
